Photo Day picture ordering.

## What should my child wear for Photo Day?

The star of the picture is your child! The outfit worn should always complement rather than distract to let your child's smile shine!

### **A solid-colored, single-hue shirt is best.**

Keep the outfit simple.

Basic denims and plain colors help to keep a timeless look.

**AVOID** distracting designs like small checks, tiny polka dots, t-shirts with large pictures, logos or many colors.

No black shirts.

**ADD** some accessories (ribbons, bows, hats, cute shoes) to help add a little personality. Remember less is more.

### **Other Tips**

- \* Dress your child in comfortable, clean and wrinkle-free clothes.
- \* Layers are great and they photograph well.
- \* Don't forget shoes! It is likely that your child's full body will be photographed as a part of the session.
- \* Any hairstyle will do for Picture Day, as long as you and your child like it.
